PNB

Hi Jonna,

I have reviewed your company information permit amendment from February. There are two sort of ancillary things that we need:

1) We either need to have one of the principals sign NOI amendments, or, like some companies do, one of the principals could send us an email delegating the authority to sign NOI amendments to you. I think this is probably new for you, but believe it or not, we've had problems in the past with people trying to change permits without the approval of the principals. For this reason, we are asking for either an email or letter from one of the principals by which they delegate their authority to change NOIs to you (and/or Tanya Taylor), or a signature from one of the principals themselves on each amendment. Sorry if this is a hassle.

2) The Utah business license with the Department of Commerce apparently has not yet been updated with your new Nevada address. We still show Harborlite as having a Salt Lake City address, in addition to the registered agent's (Prentice-Hall's) address. Please update the license and/or the NOI so that the NOI and license match both addresses and principals, and resubmit, either by email or mail. Thanks.

Let me know if you have questions or concerns.

Peter
